# TAMIL NADU

where the world comes to heal

With over 12,500 hospital beds, 10 lakh registered doctors, 69 medical colleges and hundreds of specialty and multi-specialty hospitals, Tamil Nadu is the go-to destination for Medical Value travel for overseas patients.

More than 15 lakh patients visit Tamil Nadu every year for medical diagnosis and treatment.

Focus on healthcare has always been part of Tamil Nadu's ethos, which is why the state has been able to attract patients from around the world. These include countries like Bangladesh, Kenya, Nigeria, Tanzania, Iraq, Afghanistan, Oman and the Maldives, besides patients from other states in India who come here for surgeries and treatment.

With a doctor-patient ratio that is above the national average, Tamil Nadu is able to provide the best healthcare.

The Medical value travel Industry in India expected to reach US\$10 Billion soon, and Tamil Nadu is poised to lead the way.

Not only Allopathy, Tamil Nadu is also a hub for traditional Indian systems of healing. Siddha one of the oldest systems of medicine in India, began in its current form around the 16th century in Tamil Nadu. From certified Ayurvedic hospitals to high-end recreational retreats in beautiful natural settings, Tamil Nadu has it all. Over the past few decades, Tamil Nadu has successfully positioned itself as a medical hub attracting patients from all over the world for economical, advanced and reliable treatments, making it a place where the world comes to heal.
